#### IN HONOR OF KATHLEEN PEPERA

#### HON. DENNIS J. KUCINICH

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

*Wednesday, August 1, 2012*

Mr. KUCINICH. Mr. Speaker, I rise today in honor of Kathleen Pepera who is retiring on August 1, 2012 after 34 years of dedicated service with the Social Security Administration.

Kathy began her career with the Social Security Administration (SSA) in the Cleveland West District Office as a summer intern while still a student at Baldwin-Wallace College. Following graduation, she took the Professional and Administrative Career Examination and was subsequently hired in 1979 as a Claims Representative in the Cleveland Southwest Social Security Office.

Throughout her career with SSA, Kathy has held a number of positions with increasing responsibilities. She has served as a supervisor at the Cleveland Teleservice Center and the Cleveland Downtown Field Office. Kathy also worked as the District Manager at the Cleveland Southeast Office and Cleveland Northeast Office. She also fulfilled a temporary role as Deputy Area Director for Northern Ohio. Kathy will be retiring as the District Manager of the Cleveland West District Office, the same office where she started her 34 year career.

Kathy's dedication to the SSA and citizens she helped serve was unquestionable. She

was steadfast in fulfilling SSA's mission to "deliver Social Security services that meet the changing needs of the public."

Mr. Speaker and colleagues, please join me in honoring Kathleen Pepera on the occasion of her retirement.

#### PERSONAL EXPLANATION

#### HON. PHIL GINGREY

OF GEORGIA

IN THE HOUSE OF REPRESENTATIVES

*Wednesday, August 1, 2012*

Mr. GINGREY of Georgia. Mr. Speaker, on rollcall No. 537 on suspending the rules and passing S. 679—the Presidential Appointment Efficiency and Streamlining Act of 2011—I am not recorded because I was unavoidably detained. Had I been present, I would have voted "no."

Mr. Speaker, on rollcall No. 538 on suspending the rules and passing H.R. 828—the Federal Employee Tax Accountability Act of 2011—I am not recorded because I was unavoidably detained. Had I been present, I would have voted "aye."

Mr. Speaker, on rollcall No. 539 on suspending the rules and passing H.R. 3803—the District of Columbia Pain-Capable Unborn Child Protection Act—I am not recorded because I was unavoidably detained. Had I been present, I would have voted "aye."

CONCURRENT TECHNOLOGIES CORPORATION CELEBRATES ITS 25TH ANNIVERSARY, TUESDAY, AUGUST 28, 2012

#### HON. MARK S. CRITZ

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

*Wednesday, August 1, 2012*

Mr. CRITZ. Mr. Speaker, on August 28, 2012, Concurrent Technologies Corporation will celebrate its twenty-fifth anniversary. I rise to acknowledge this notable milestone and to pay recognition to the company's history and dedicated employees.

Concurrent Technologies Corporation (CTC) was first known as Metalworking Technology Inc., a subsidiary of the University of Pittsburgh Trust. Metalworking Technology Inc. was formed in 1987 in Johnstown, Pennsylvania, to operate the National Center for Excellence in Metalworking Technology for the U.S. Navy.

In 1992, Metalworking Technology Inc. changed its name to Concurrent Technologies Corporation to more accurately convey the organization's expanded mission: to provide cutting-edge scientific, applied research and development solutions to its clients. Two years later, CTC separated from the University of Pittsburgh Trust to become a fully independent nonprofit corporation.

Daniel R. DeVos was the company's first permanent Chief Executive Officer, and through his leadership the organization quickly expanded its capabilities and gained national recognition. Edward J. Sheehan, Jr., who succeeded Mr. DeVos, is the current President and Chief Executive Officer. Under his guidance, CTC continues to grow and prosper—earning respect and appreciation from its many customers across our nation and globe.

Over its 25 years, Concurrent Technologies Corporation, in partnership with its clients, has created numerous breakthrough technologies and innovative solutions. CTC takes a collaborative approach to its work, sharing credit and celebrating achievements with everyone who plays a role in its success.

Today, Concurrent Technologies Corporation, with offices throughout the U.S. and in Europe, is an independent, nonprofit, applied research and development professional services organization providing management and technology-based solutions to each branch of the U.S. military, various U.S. Government agencies, and industry. CTC is routinely listed as one of the Top 100 Government Contractors by Washington Technology.

At any given time, CTC is working on multiple projects in areas such as advanced engineering and manufacturing; environment and sustainability; intelligence and information security; logistics, management, and acquisition; power and energy; readiness, preparedness, and continuity; safety and occupational health; and special missions.

For example, CTC helped NATO establish quality management services in less than 60 days at Kabul International Airfield in Afghanistan. The company also won the Environmental Excellence in Transportation Award for designing and implementing laser coatings removal systems throughout the U.S. Air Force.

Concurrent Technologies Corporation played a major role in the development, certification, and implementation of HSLA-115, a new higher strength modification of the HSLA-100 structural steel used for critical applications on aircraft carriers and other U.S. Navy combatant vessels.

Working for the U.S. Marine Corps Logistics Command, CTC developed an information technology tool that benefits U.S. warfighters by resolving logistics challenges in the Marine Corps supply chain. The tool, known as START, which stands for Secondary Repairables (SECREP) Total Allowance Re-computation Tool, won the Defense Logistics' Best Technology Implementation Award as a "significant contribution to military logistics and the warfighter."

Concurrent Technologies Corporation developed a highly successful Exportable Combat Training program that immerses warfighters in real-life computer-generated scenarios, preparing our troops to survive and succeed in rapidly changing operational environments. The program was developed for the National Training Center with the support of the U.S. Army Forces Command.

The transportation Capacity Planning Tool developed for the U.S. Marine Corps has grown into an approved Global Combat Support System-Marine Corps bridge technology.

Concurrent Technologies Corporation is a responsible employer, business partner and community-oriented organization. The company was recently named one of the world's most ethical companies by the Ethisphere Institute. For 11 consecutive years, CTC has been named "One of the Best Places to Work in Pennsylvania."

Concurrent Technologies Corporation has received multiple honors as a military-friendly organization. Two awards came from the Employer Support of the Guard and Reserve that recognized the company's initiatives in promoting cooperation and understanding between the National Guard and Reserve mem-

bers and their civilian employers. CTC is a member of the 100,000 Jobs Mission; a coalition of 41 companies committed to hiring at least 100,000 veterans by 2020, and has also been named a "Best for Vets Employer" for the past two years.

The company is also a good corporate citizen, whose employees volunteer thousands-of-hours to worthwhile local, regional, and national causes. They actively support schools, healthcare and human service providers, economic development programs, the arts, and recreation.

Mr. Speaker, I offer my congratulations to Concurrent Technologies Corporation on completing twenty-five years of vital collaboration with the U.S. Department of Defense and other U.S. agencies to improve the security of our nation. Because of their efforts, the United States military is better equipped to serve our great nation and the United States is a safer place to live for all of us. I know I speak for many when I wish CTC and its employees the best of luck in the future.

IN HONOR OF THE 102ND ANNIVERSARY OF THE INTERNATIONAL ASSOCIATION OF HEAT AND FROST INSULATORS AND ALLIED WORKERS LOCAL NO. 3

**HON. DENNIS J. KUCINICH**

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

*Wednesday, August 1, 2012*

Mr. KUCINICH. Mr. Speaker, I rise today in honor of the International Association of Heat and Frost Insulators and Allied Workers Local No. 3 of Cleveland, Ohio, which is celebrating its 102nd anniversary on September 8, 2012.

Members of Local No. 3 can trace their beginnings back to the earliest days of the modern industrial era with the sudden expansions of steam power in the 1880s which created the need for the insulation industry. An attempt to form a national bond between insulators occurred in 1900 when the Salamander Association of New York sent out an appeal to related crafts in other cities to form a "National Organization of Pipe and Boiler Covers." The appeal struck a chord of solidarity and two years later, the officers and members of the Pipe Covers Union affiliated with the National Building Trades Council of America and invited other pipe coverer unions and related trades to join them. Seven local unions from around the country, including Cleveland, responded, resulting in the birth of the foundation for an international union. The interested locals met for their first convention on July 7, 1902, where they drafted and approved a constitution and elected Thomas Kennedy as their first president. They chose "the National Association of Heat, Frost and General Insulators and Asbestos Workers of America" as the name of the international union. On September 22 1902, the American Federation of Labor issued an official charter designating the insulator workers as a national union.

The union met again in October, 1904 in Pittsburgh to adopt a constitution and issue local numbers: St. Louis, No. 1; Pittsburgh, No. 2; Cleveland, No. 3; Buffalo, No. 4; Chicago, No. 5; Boston, No. 6; and Seattle, No. 7. The charter issued to Local No. 3 in 1910 con-

tained these Clevelanders: Thomas Richards, James Wiley, Phil Frigge, M.O. Taitle, Harry Jacoby, Archie Budd, Harry Morris, Harry Graff and George Davis. James Dalton, Al Dalton and Thomas O'Neil of Local No. 3 became officers of the International Association.

Over the years, Local No. 3 has fought for higher wages, safer working conditions on construction sites and better benefits. Local No. 3 has established funds to help with medical expenses, retirement, apprenticeships and training. As Local No. 3 continues into its second century, its goals remain to make a member's life safer, more productive and prosperous, to continue to work to meet the needs of its current members and to teach new members that there is strength and prosperity in solidarity.

Mr. Speaker and colleagues, please join me in honoring the 102nd anniversary of the International Association of Heat and Frost Insulators and Allied Workers Local No. 3 of Cleveland, Ohio.

CELEBRATING THE 50TH ANNIVERSARY OF BOY SCOUT TROOP 508

**HON. KENNY MARCHANT**

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

*Wednesday, August 1, 2012*

Mr. MARCHANT. Mr. Speaker, it is with great pride that I celebrate the 50th anniversary of Boy Scout Troop 508 of Irving, Texas. The troop has a remarkable history of serving the community and developing young men into leaders.

Troop 508 was originally chartered at Woodhaven Presbyterian Church in 1962. The troop has a reputation for frequent traveling and extended outdoor adventures. Much of the boys' solidarity has revolved around their travels together, starting with "The Green Weeny" bus in 1966. During its history, the troop has traveled to exciting natural locations such as the Grand Canyon, Colorado, Brazos River, and to the center of civic leadership—right here in Washington, D.C. Indeed, in a troop where "three-fourths of scouting is outing" it is only fitting that the group have adopted the roadrunner as its traditional logo.

Boy Scout Troop 508 also has a history of exceptional adult leadership, both in its scoutmasters and former members. The adult leaders have been trained in Woodbadge and eight of the last twelve Silver Beavers were members of the 508. Many of them serve on the staff of ALTs, Webelorees, Camporees, and the District Committee for Five Trails. The troop has won first-place several times at Camporees and at Winter Camp. Throughout its 50 years, the distinguished troop has been guided by the leadership of scoutmasters including Mitch Barker, Sterling Bradley, David White, Blackie Marks, Norman Rozell, Jack Graham, George Gray, Bob Hootman, "Indian George" Alford, Dwight Sensabough, Jim Bell, Herb Boyd, Hamilton, Jerry Wicker, Scott Pohl, Roger Knapp, Bob Harris, Randall Svajda, Carter Hallmark, Richard Gamble, Roland Jeter, Dean Calvert, Bob Perkins, and Wayne Fletcher. "Indian George" Alford was an especially noteworthy man, a selfless and kind Comanche who founded Troop and Post 134 in Dallas and moved on to make a lasting legacy with Troop 508 in Irving, particularly with his Indian dance teams.
